

DOLCEVITA

Ergonomic seasonal mattress with removable cover

This mattress is suitable for those who feel quite hot and/or cold in bed, have moderate sweating, are overweight (exceed their ideal weight by 5/10%), **sleep on their side or in other positions** (particularly suitable), do not wish to use an adjustable base, suffer from neck and/or back pain, have peripheral blood circulation issues, are not subject to electromagnetic pollution, want a mattress with differing comfort levels on either side (bi-comfort), have a particular need to remove the mattress cover.

Pillow Top Plus - REMovable® (patent n. 10201600021487). Exceptional comfort and thermo-regulating properties. Perfect air permeability. Removable cover.

Spring's Time® pocketed springs Exclusive construction method that improves significantly the ergonomics, noiselessness, and durability of the mattress.

Bodyform® HD is an innovative viscoelastic foam, both heat-sensitive and self-shaping.

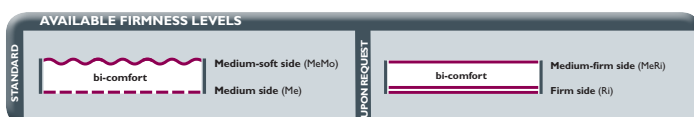

ACTION® Technical fibre mix created for the warm periods of the year.

The perimetral insert and bellows of the **Pillow Top Plus REMovable® in 3D V.S. fabric** facilitate ventilation inside the mattress.

The **bi-comfort** feature allows you to choose between two comfort levels.

STRUCTURE

Pocketed springs Spring's time® system

Seven comfort zones. Innerspring structure made of steel barrel-shaped coils individually encased in special fabric and assembled with no vertical contact. Over 250 coils per square meter (400/800 structure). Combined with **Bodyform® HD**, it provides the mattress with both medium-soft and medium comfort levels (bi-comfort) on the standard version, or alternatively medium-firm and firm comfort levels (bi-comfort) upon request.

Adapto system

High-density, anti-deformation and supporting material.

Elastocell insulating layer

Convolutated surface texture with 1300 raised contact points (on twin size) with differentiated pattern zones. High-density, resilient and non-deformable.

Isotex wear-resistant protections Needle-punched, heat-set and soft (in the firmer version).

Bodyform® HD **Bodyform® HD** component, convolutated surface with seven comfort zones and micro-pinholes.

UNDERLINING

Cotton blend Underlining in elasticized mixed cotton jersey.

COVER

Merino wool Winter side padding in pure Merino wool.

3D V.S. fabric **3D Ventilation System** internal layer, with non-compressible air gap.

Silk Winter side padding enriched with pure wild Tussah silk.

Fabric with cellulose Cover in double elastic fabric with **Lyocell® Natural Origin** cellulose fibre.

Cotton Summer side padding in pure cotton.

3D V.S. permeable band **3D Ventilation System** band on the mattress perimeter.

Linen Summer side padding in pure linen.

Removable cover Four-sided sturdy zipper.

Anti-condensate fibres Heat-bonded fibres form a resilient and air permeable weave. Inserted between a cotton layer and a linen layer.

Dry-clean The cover can be dry cleaned.
